

NOTICE OF FINAL PUBLIC MEETING

To be held by Clean Breeze Wind Park LP regarding a Proposal to Engage in a Renewable Energy Project

Project Name: Clean Breeze Wind Park

Project Location: On privately owned agricultural lands within the Township of Alnwick/Haldimand

Dated at the Township of Alnwick/Haldimand on the 31st day of January 2013

Clean Breeze Wind Park LP is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in the project and the project itself is subject to the provisions of the *Environmental Protection Act (Act)* Part V.0.1 and *Ontario Regulation 359/09 (Regulation)*. This notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ontario Ministry of the Environment.

On Wednesday, May 1st, 2013, one (1) public meeting will be held related to the Clean Breeze Wind Park:

DATE: Wednesday, May 1st, 2013
TIME: 7:00 p.m. to 9:00 p.m.
PLACE: Municipal Office of the Township of Alnwick/Haldimand
2nd Floor
10836 County Road No. 2
Grafton, ON K0K 2G0

FORMAT: **Presentation, and Question and Answer**
7:00 p.m. Presentation by the Proponent
7:15 p.m. Questions and Answers - the audience will have an opportunity to ask questions and receive answers in a public forum. A moderator will be on hand to act as a neutral facilitator and ensure that all voices and viewpoints are heard. While we cannot guarantee that all questions can be answered at that time, we do guarantee that all questions submitted at the public meeting will be addressed in the Consultation Report, to be submitted as part of the Renewable Energy Approval application.

Project Description:

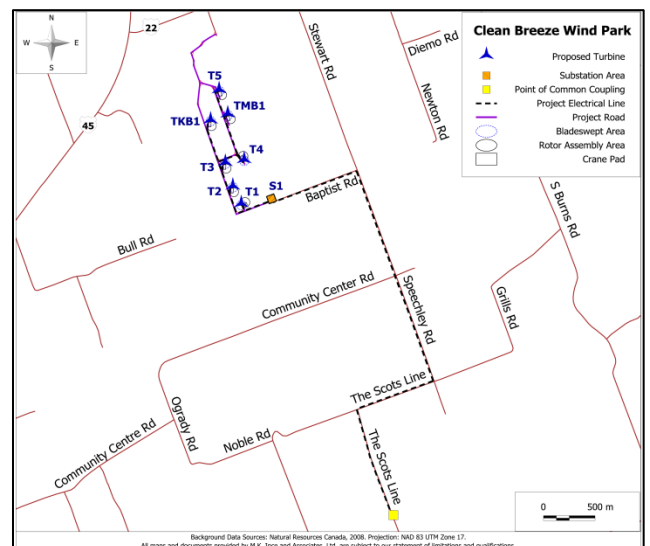

Pursuant to the *Act* and Regulation, the facility, in respect of which this project is to be engaged in, is considered to be a Class 4 Wind Energy Generation Facility. If approved, this facility would have a total name plate capacity of 10.0 MW. The project location is described in the map below.

Documents for Public Inspection:

The Draft Project Description Report entitled *Clean Breeze Wind Park Project Description Report (Draft)* describes the project as consisting of five (5) 2 MW wind turbine generators (to be constructed at five of the seven sites), wind turbine foundations, transformers, gravel access roads, underground electrical cabling, and other ancillary works.

Further, the applicant has prepared the following documents in order to comply with the requirements under subsection 16 (5) of *O. Reg. 359/09*:

- Project Description Report
- Natural Heritage Assessment Reports, including:
 - Records Review, Site Investigation Report,
 - Evaluation of Significance Report,
 - Environmental Impact Study
- Construction Plan Report
- Decommissioning Plan Report
- Water Bodies Assessment Report
- Water Bodies Impact Assessment Report
- Wind Turbine Specifications Report
- Environmental Noise Impact Report
- Design and Operations Report, including:
 - Site Plan, Heritage Assessment Report, Shadow Flicker Report, Radar and Radio Communications Impact Assessment, Natural Heritage Environmental Effects Monitoring Plan, Archaeological Assessment Report
